# Water Healing

# Healing by power of Water. New experience for the body and the mind.

Water Healing is a new treatment for relaxation with  $\pi$ -water.

$\pi$ -water has developed from researches of plants physiology. IBE has been studying a certain water that is very important for growth of plants. The water has special feature of activation, which leads good penetration and also good retention in the cells and structures.  $\pi$ -water enhances the growth of plants and extends the freshness retention of flowers. It helps the original functions and powers of plants. All products of IBE use the works of  $\pi$ -water and its systems. The Water Healing treatment is one of them.

## Water Healing

### Procedure of Water Healing

Step.1 RAIN

Apply " $\pi$ -MICRO WATER" slowly into the scalp and the hair just like rain penetrates into the earth. Hands massage softens the stiffed head.

Step.2 MIST

Warm the head for better penetration of " $\pi$ -MICRO WATER" by steaming effect.

Step.3 WIND

Treatment with "New Dr. Air Balance" for stimulating acupoints on the head. Refreshing like a forest bath.
